Mark Primary

example@example.com

STEP 5

Update your secondary email address

A screenshot of a user profile page. At the top, there is a header bar with a close button (X) on the right. Below the header, there are several horizontal sections. The first section is a light gray bar. The second section contains the text "Home" and a button labeled "Mark Primary". Below this, there is a text input field containing the email address "example@example.com". This input field is highlighted with an orange border. Below the input field, there is another light gray bar.

STEP 6

Click on Mark Primary to make your secondary email address your primary

A screenshot of the same user profile page as in Step 5. The layout is identical, but the "Mark Primary" button is now highlighted with an orange border. The text input field containing "example@example.com" is still present and highlighted with a blue border. The header bar and other sections remain the same.
